

Features

- Flexible panel curves to a maximum 30 degree arc
- Industrial grade panel, components and heavy duty mounts designed for emergency vehicle use
- Numerous size panels match available roof space; panels can be wired in parallel for higher output
- Voltage controller adapts to properly charging different battery types
- Kits contain all parts needed for vehicle installations

Benefits

- Keep up with vehicle loads without running the engine or plugging in
- Helps comply with anti idle laws
- Saves fuel cost and engine maintenance
- Eliminate the need to jump start reserve vehicles
- Ideal for vehicles with mobile computers and radios

Complete Heavy Duty Kits Designed for Emergency Vehicle Installation

Kit Includes:

- Detailed instructions and parts provided, assures professional installation, eliminates installer guesswork and parts sourcing
- 12/24V Charge Controller, 30 Amp
- Load control option (set timer)
- Industrial grade solar panel with 5 year warranty
- Temperature compensated charge controller
- 20 foot duplex wire
- Waterproof wire feed-through fitting
- All mounting hardware

Charge Controller

12/2 AWG WIRE

Waterproof Fitting

Mounting Hardware

Part Number	Description	Electrical Data Specs		Dimensions			Wgt.
		DC Volts	DC Amps	L	W	H	
091-241-50W	50W Panel	12	2.8	21.7"	21.8"	0.12"	2.5 lbs
091-241-100W	100W Panel	12	5.7	21.3"	41.8"	0.12"	4 lbs
